ARBITRATION & COURT RECORDING SERVICES

Experience the ultimate clarity in audio and video recording with Scribe.

Let our state-of-the-art technology capture your evidence in high definition with exceptional audio, using only the finest microphones.

Using dedicated software for legal hearings, Scribe ensures no loss of evidence and security for all your recordings.

With a track record of over 1500 successfully recorded, managed, and transcribed arbitration cases, Scribe is the trusted choice for all your audio and video recording needs.

We're dedicated to providing you with the best, while constantly researching, procuring, and incorporating the latest technology to maintain exceptional recording quality.

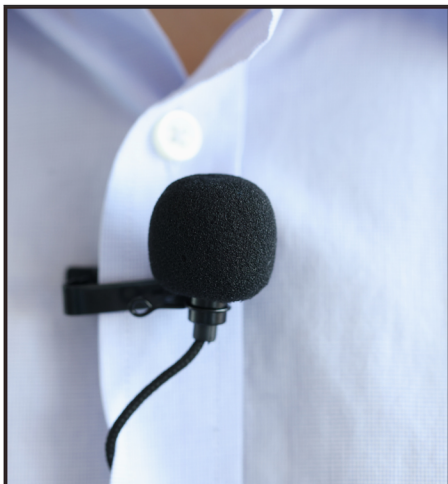

We firmly believe that even in excellence, there is room for improvement, and we constantly strive towards that ideal.
