Psych Me App Frequently Asked Questions (FAQs)

Frequently Asked Questions (FAQs)

Category	Questions	Answers
PIN Issues	The pin is sent by whom/from where?	The PIN number will be sent over to you via email by user PSYCH ME . You can find your PIN in your inbox within a minute. If you did not receive it, kindly check your spam folder.
Unable to Access the Assessment Tab	I have been trying to complete the assessment, but I am stuck on the 'code' page that appears after filling in the profile, as I have not received the code via email/ I could not do my assessments. After entering the code 'xxx', it keeps going back to the same screen asking me to update the code.	Kindly be informed that we have pre-registered the code and your email (name@company.com) for the assessments in the app. Once you login using the email, you can directly click on the 'Assessment' tab and begin the assessments .
Received Email Reminders despite Completion	I have already submitted the assessment, but still keep receiving email saying that I have not submitted/completed it.	Kindly navigate to the 'Assessment' tab and see if there is a statement stating that you have yet to complete the assessment. If you have completed all required assessments but still received the email reminders, you can click on the 'Contact Us' button at the Home Page (as shown in page 3) for further assistance.
Others	The survey completion progress/ status is shown differently on different devices. For example, 1) If i access using my company PC, the screen show the assessment is still pending and not complete yet. 2) But, when I access using my personal laptop, it already show complete the assessment.	The reason that you are seeing a different layout for the completion status is due to the cache in your company PC. You may clear the cache in your company PC and you'll be able to see the layout as shown in your personal laptop.
